

Company presentation

Idea

**is the key
to decoration**

Whether we are working on a scene design, surface imitation or fabric decoration, what matters to us is the key to our work and that is inspiration or idea. We will create the world you want. Your wish is an inspiration for us. Our possibilities start where your imagination ends.

Company

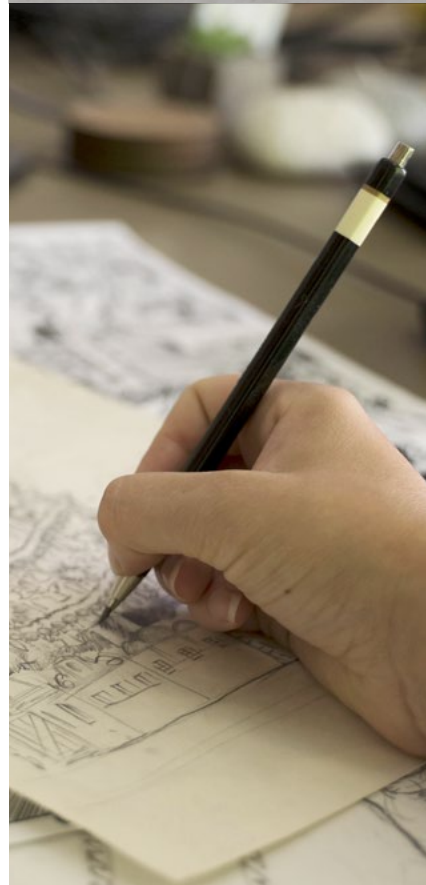

DEPARTMENTS

Design & graphics

Cradle of new ideas. Combining traditional practice with modern styles and technologies

1

Sketch

2

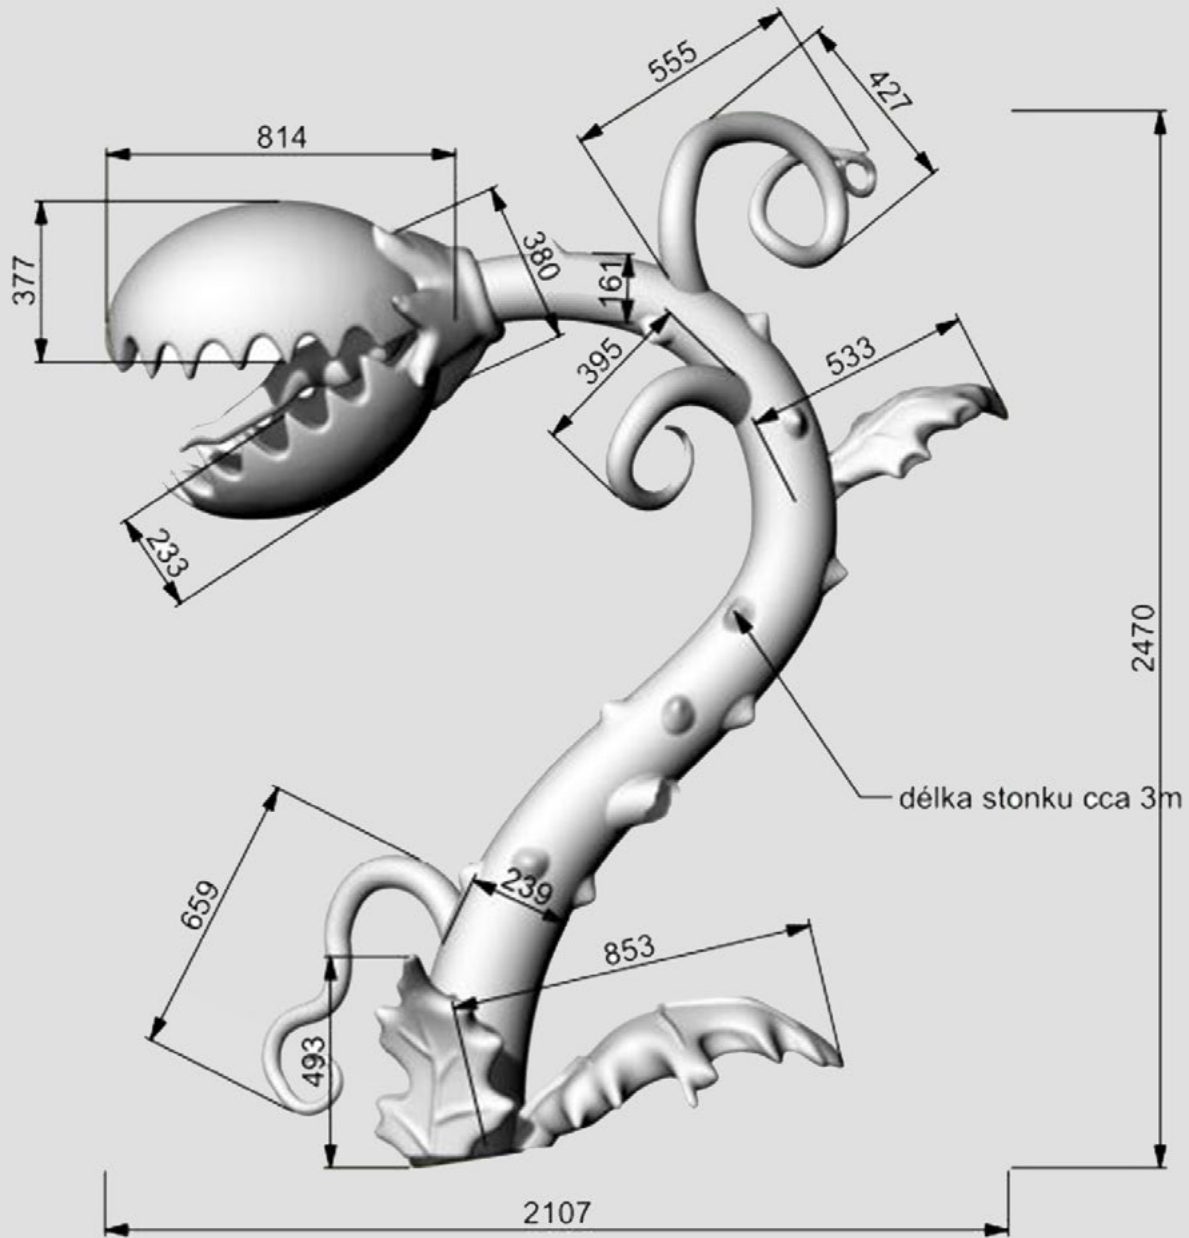

2D concept

3

3D design

Projection

Selecting the most suitable production technology & dividing tasks into different departments

Carpentry & woodwork

Production of wooden constructions,
furniture and decoration of solid and
agglomerated materials

Smithery

Welding of steel & aluminum, production
of 2D & 3D motifs and constructions

Tailoring

Sewing costumes, decorative curtains,
upholstery of statues & furniture

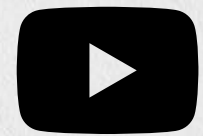

Sculpture studio

Creation of sculptures from polystyrene &
clay, models for forming at serial production

Our
TECHNOLOGIES

video here

CNC

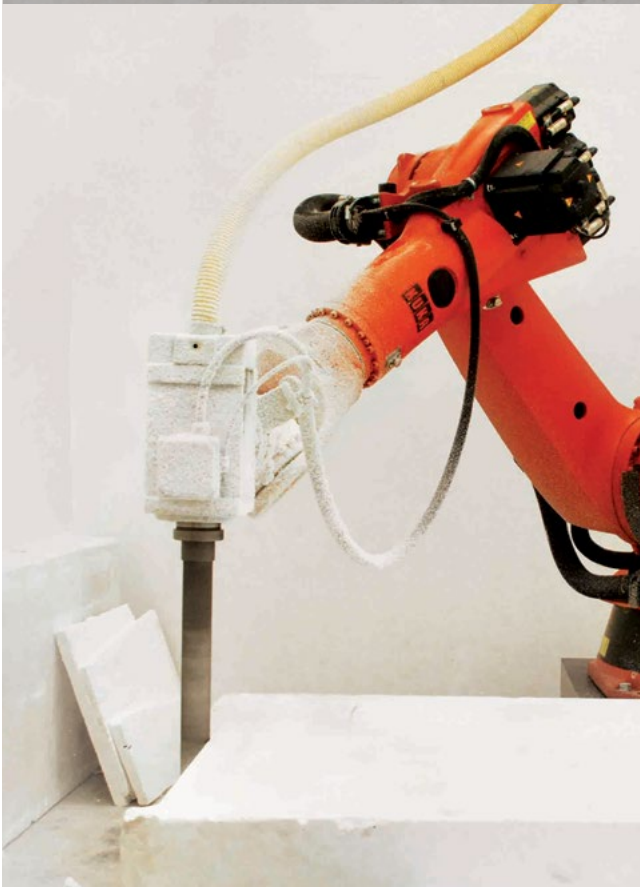

Machine with 7 axis machining of polystyrene, plastic, wood and polyurethane

Varnish

Painting decorations & motives with a spray gun in a special ventilated space

PUR

Polyurethane spraying ensures durability of decorations

Machining

Use of lathe for processing polystyrene and wood

Elastic PUR

Applying elastic pur to 3d models

Torket

Application of concrete mixture by spraying using a shotcreting machine

Installation & Services

Work at heights

climbing techniques, ladders, scaffolding
and assembly platforms

Wiring

complete installation of lighting decorations

EU certification

guarantee of decoration safety

Insurance 2 000 000 EUR

quality liability insurance

Nonstop servis

fault reporting line with commencement
repairs within 24 hours

Storage

free seasonal storage during the contractspace
up to 10 000m²

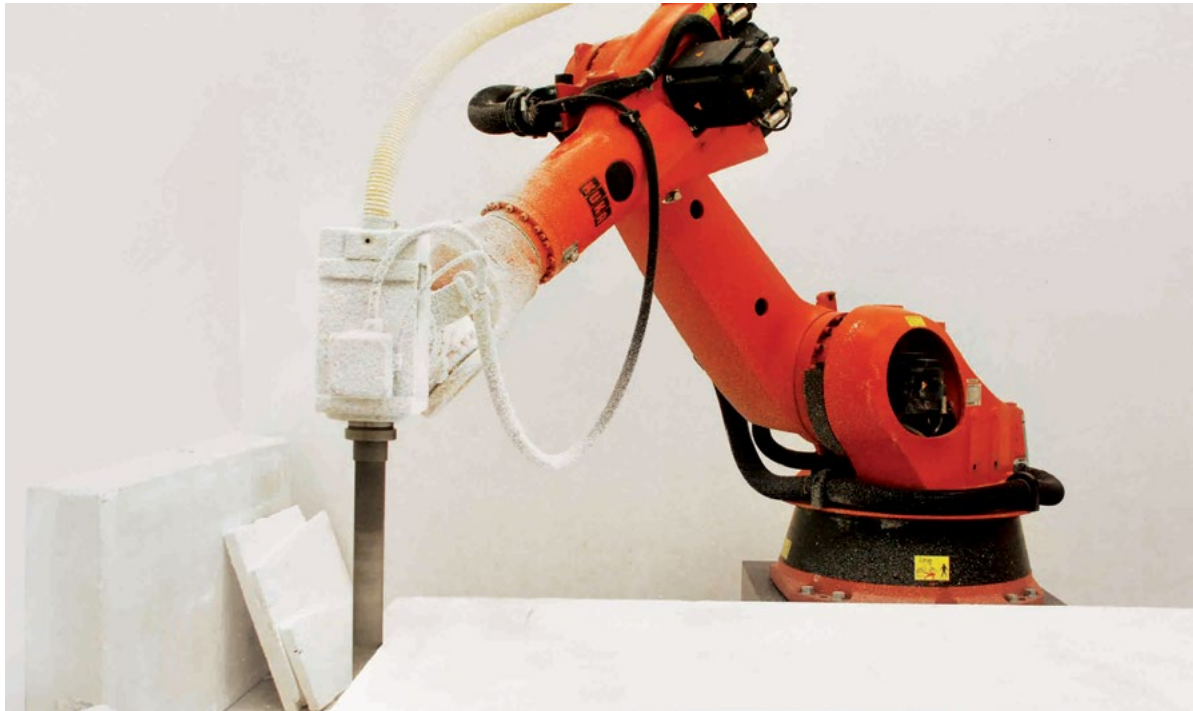

HOW IT WORKS?

Project from idea to realization

Step 1
Idea & design

Step 2
CNC cut

Step 3
3D print

Step 4 **Polishing**

Step 5 **Carpentry**

Step 6 **Painting**

Step 7
Assembly
